

Please tell us what made you decide to protect your family with DeTech today!

Please print and sign your name at the end.

We are also asking your permission to have families that are considering using DeTech to protect their families to contact you by phone to inquire your opinion.

Thank you again for helping us spread the word, that we do have safer choices when it comes to fire protection.

We decided to purchase the system after we realized the false sense of security we were living under. After listening to the differences between DeTech's equip + the standard there was no choice in upgrading our previous installed 'system' with DeTech's.
